Speaker 1

sh1-00:01

He sent me a letter. He said I had it right here for a long time. He said, enclosed by my check for so much money for tech membership now please give me details about meetings and this sort of thing. There was nothing new check in there, so we put him on the mailing list. It didn't even bother an am bastard.

Speaker 2 sh1-00:20

Is there an April tap meeting?

Speaker 1 sh1-00:21

Yeah. Speaker 2 sh1-00:22

Well Craig had a suggestion. We just told the TAP members then that there'll be a discount for them at the SU tacos. Spread the word to tap members. Well you're have

Speaker 3 sh1-00:31

To Fiddle with it.

sh1-00:33

We should be taken off. Okay, there's a call. I'd like to get going now. Okay, there's just a couple other things I'd want to hit before you go. I didn't want to go over this whole sheet on the advertising as far as what each person, the city's going to be responsible for. We're going to go with a poster counter display kind of thing. Flyers again where you'll be going, where we'll have little boxes for you to put the fires into these different places that you go Notes. Clearly some of your journal contacts should help you out here too. Some places you put the journals,

you'd be able to put these in too and we figured if you want to check them pretty maybe weekly between the time they come out and the local one and then maybe biweekly or monthly from that point on. But you do want to keep on them.

Speaker 4 sh1-01:14

Yeah, we got to keep this stuff stocked all through. The second should talk, but otherwise you put 'em out at once. Okay.

Speaker 2 sh1-01:20

It's worthless, but

Speaker 2 sh1-01:21

You do want to keep on 'em once they're printed, you do want to stay on 'em between the time that they're printed and the time of the local talk. Make sure they're well stock. And the other thing which we're sure we want to do in the city are these news releases with a local newspaper because that from initial talk was that's what we had our greatest area of return for the amount of time we put in and it's pretty much set forth how you do it in there. As soon as we get the information from where the talks are, we're going to have the news releases printed up. So when you get your flyers you'll also get your news releases. And the thing to do, as I said, it's a relatively simple process. You want to call it all the editors from the little papers as well as the big papers.

sh1-02:01

Tell 'em you're going to send it it, follow it up and just keep on 'em until it gets in. And then again, I think for the amount of time we put in that had the greatest return, especially up in Akron, we had a tremendous amount amount of people that came from those. So that would be basically all you'd be doing is getting the place, making sure the phone was answered, getting the poster stock, getting these news releases out and coordinating the transportation or stuff. Okay. Just going to get a hold of our Are you going to do that?

Speaker 5 sh1-02:30

Get ahold of him? Steve is most likely to see him. You I'll probably be seeing

Speaker 6 sh1-02:34

Him. Well we have to talk to him soon. Yeah, I don't know all the details immediately. Details you guys want to talk about. Well, he's got to set up the,

Speaker 4 sh1-02:42

He's got to get a lecture place

Speaker 6 sh1-02:43

I'll him going to call today. Tonight.

Speaker 4 sh1-02:46

See, this has to be done in two weeks. We want this before the end of the month. You're already,

Speaker 5 sh1-02:52

You want all these satellite talks in May, right?

Speaker 4 sh1-02:55

Right. Yeah,

Speaker 5 sh1-02:57

So anytime in May I can set up a hall and a date. Have it. Let us know soon Do it and let you know and then we'll get together with the speaker who's going to be there to see if he can make it.

Speaker 4 sh1-03:06

Well, do we want to have one? Ken? We didn't discuss that.

Speaker 2 sh1-03:09

No, I don't know if we want to do that. We had a question mark there. We knew you wanted to here. I didn't know. We didn't know if you'd want do both whether you want do one or the other or which you'd rather

Speaker 5 sh1-03:18

Do. I know I can give a talk. I just don't know how much freedom I'd have.

Speaker 2 sh1-03:25

I crossed you out for Cam City. I don't know if you'd want to do it or not. You see what would be required in that city?

Speaker 5 sh1-03:32

I don't think I would have much problem doing it and if you want me to do it, I'll do it.

Speaker 1 sh1-03:38

Okay. Alright. The question is, is Canton big enough? I think you have a suburbia that is downtown Canton is you wouldn't but

Speaker 6 sh1-03:46

I think Well that county is a quarter of a million people in that county and they don't go to Akron a lot usually. That's true. That's true. It's

Speaker 1 sh1-03:52

Never

Speaker 5 sh1-03:52

Been

Speaker 1 sh1-03:53

Tapped. We don't have too many addresses from Canton

Speaker 5 sh1-03:56

Worth a shot we've never thought about before. See,

Speaker 5 sh1-03:58

I know the radio people and I know the newspaper people. That's the one thing from being stock was I can get interviewed on the radio, I can get all these articles in the paper.

Speaker 6 sh1-04:09

Oh good,

Speaker 7 sh1-04:09

Good. Okay.

Speaker 5 sh1-04:10

And I have a address.

Speaker 4 sh1-04:12

Mike Hank, you know hanky, Mike Hanky? No, he was in our class at Central. He's the editor of the repository.

Speaker 2 sh1-04:18

No kidding.

Speaker 4 sh1-04:19

Yeah.

Speaker 2 sh1-04:20

Do you think you could do that both talk at the same time set? Well you wouldn't want

Speaker 4 sh1-04:24

Who's going to talk?

Speaker 2 sh1-04:25

No, he wouldn't talk there. But I mean talking, you set the talk in Pittsburgh.

Speaker 5 sh1-04:30

Bill said that Bert or band is living in North Canton now and he's unemployed and he could be helping me with putting the posters and flyers on and I know that I can handle radio releases and release. Well then we

Speaker 6 sh1-04:48

Should put down in Canton,

Speaker 6 sh1-04:50

We should put down your phone now. I'll try to find a halt. We should put your phone number on the flyer then for people to call for information. Is that okay? Yeah. Alright. What is it? 4 7 7 0 2 7 2.

Speaker 8 sh1-05:01

He's talking to, I dunno. Okay, well then we need a speaker in can too. Is that his family or who called down Jan or

Speaker 6 sh1-05:08

No, that's off. Perfect. Okay. We went to speak in Canton. You want to speak there Dave? Well, let's see. We got Frank. Frank's already down for Cleveland. Cleveland to Cleveland and Columbus too. Columbus bill's got accurate. What am I down for? You're down for Cleveland and Columbus.

Speaker 9 sh1-05:24

Get rid of one of those. Send me their Canton.

Speaker 1 sh1-05:27

Well if you'd go up there, that was an overnight job. Which one? Cleveland. Cleveland. You just do one Saturday, one Sunday. Right?

Speaker 9 sh1-05:34

Why somebody go to Columbus now? Go to Canton. Yeah, Cleveland and Canton for him. I go to Cleveland and

Speaker 1 sh1-05:38

Canton. Oh, you ain't going to Columbus. Going to Cleveland. That house to c Columbus. We had Frank out Columbus. Oh, oh, well hell, Joe King, all those places.

Speaker 6 sh1-05:49

I'm going to do a second one in the second half a month.

Speaker 1 sh1-05:52

Second half. Okay, well hell, Canton ain't too far. Let him do the Canman too

Speaker 6 sh1-05:55

Then. Yeah, it's right next Speaker 1 sh1-05:57

To who? Bill. Frank. King? Yeah. And Frank, you'll still do Columbus. You can stay at the Astro over there if you come over and don't have to worry about driving. I got roll away,

Speaker 6 sh1-06:11

Right? We got a nice little, okay, so we got right now we got talks Akron two in Cleveland.

Speaker 9 sh1-06:20

It doesn't matter either. Columbus, I can go up on the side and torture him. Take my family up there and we can work together on the talk. Okay, I'll take Columbus. That's I just thinking, is that

Speaker 2 sh1-06:30

What you want? Doesn't matter. Bill, you want to take Columbus then and Franklin take Canton. I got Cleveland and Canton, right?

Speaker 6 sh1-06:39

All right. Bill's got Columbus. There's Akron there too. That's good. Okay, so we got 1, 2, 3, 4, 7, 8. We've got eight. Eight right now. Where? Got two in two? Baltimore. Columbus, my brother put you up.

Speaker 1 sh1-07:04

Oh, Pittsburgh. Well we'll forget about Cincinnati then.

Speaker 2 sh1-07:11

I do think one thing we all want to do is at least before the summers is get to some of these smaller towns and get some posters in here like Waynesburg and still Waynesburg,

Speaker 3 sh1-07:21

Union Town, places like that. Done Cincinnati. Put some posters out. Sure. If you don't have to talk there,

Speaker 1 sh1-07:26

I'll tell you. I'll tell something about these talk. You're going to get as many people from a thin outlying district to go from the towns because I found this out in the high. I was surprised when I went over to Ock and gave a talk over there, but just little villages like Benwood, the people were starved for something. Someplace to go. It's damn far to go to camp. Get out like West Virginia has nothing. West Virginia. So

Speaker 2 sh1-07:55

You're going to contact our pass all this on to him?

Speaker 1 sh1-07:58

Yes. Here, I'll give you one of these and then tell me what's going on and ask if he could anything. Congregation, you left your hat here Bob.

Speaker 5 sh1-08:14

Thanks for coming down. See all you guys later. I'm going to be taking off too for that. Do you want to do it the same? See you.

Speaker 9 sh1-08:22

We don't want be down. I'd like to do, I think I have to be there the door.

Speaker 3 sh1-08:30

The nights in. We have to be the next weekend first or weekend before after that. Right, exactly. I'll

Speaker 5 sh1-08:36

Have to call

Speaker 3 sh1-08:40

Quite soonest. Place down where? Pulse books you never seen.

Speaker 1 sh1-08:46

Ain't Wolf on?

Speaker 3 sh1-08:47

Yeah, he got a whole list. This about just lectures. You better go over this one. About 10 pamphlets on each one of the lecture by Wolf. Got some of his original editions. Kind of like the original Albigen Papers of his Without an object. Ken got that. It was splitting two parts. Was typewritten published book? He was going to try. He had one copy of the Albigen papers in Wisconsin. Ordered it through. Yeah. What's the published book? He was going to try to, he had one copy of the Albigen Papers in Wisconsin. Ordered it through. What's

Speaker 2 sh1-10:09

The, maybe if you,

Speaker 5 sh1-10:17

I've had them in my basement and I should probably get 'em all together and bring them down here. All

Speaker 3 sh1-10:22

The books, like the books that we used to have. What do you have guys have in mind for just a copy themselves? They move into a white

Speaker 6 sh1-10:34

Neighborhood.

Speaker 3 sh1-10:38

Pretty good stuff. Some of the stuff. Was it 75 bucks? It's not a racket A that

Speaker 5 sh1-10:50

Attached Find one. I mean because Unity about

Speaker 3 sh1-10:58

The Yum Center. They charge us here a dollar per I start thinking immediately. Well they have a gimmick and what is,

Speaker 5 sh1-11:03

There's a pig likes a big store they've got,

Speaker 4 sh1-11:15

That'd be a good place. A lot of people like to go there, right?

Speaker 6 sh1-11:17

The hotels a large enough room

Speaker 4 sh1-11:20

That's close to Akron too.

Speaker 6 sh1-11:22

Got a month to work with. Maybe one place someplace. Well anybody from or any place will go there, right? Is not

Speaker 5 sh1-11:29

Located outside of

Speaker 7 sh1-11:31

Campus. I know that. What about Dale's?

Speaker 4 sh1-11:53

That'd be a good place. A lot of people like to go there, right? The hotels are large enough room, but that's close to Akron too.

Speaker 6 sh1-12:01

Got a month to work with. Maybe one place someplace. Well anybody from or any place will go there, right? Not located outside

Speaker 5 sh1-12:09

Of Kansas. I

Speaker 7 sh1-12:12

Know that

Speaker 5 sh1-12:12

The belt village area

Speaker 7 sh1-12:14

Bill, what about Tony Dale? I know which one it's, that's still available. How much did we pay?

Speaker 1 sh1-12:20

That's pretty inexpensive. Yeah, some kind of a deal. It was going to give us if we had a few people stay overnight and yeah, kind of far from

Speaker 8 sh1-12:31

Downtown from the transportation system.

Speaker 2 sh1-12:34

Well that part, I wonder how many people Total transportation. I think maybe be different. 70.

Speaker 3 sh1-13:17

Got some of his original editions. Kind like the original Algin papers without an object. Ken got that. It was splitting two parts. This was the typewritten published book. He was going to try to, he had one copy of the elephant papers in Wisconsin. I ordered it through. What's the place in

Speaker 2 sh1-13:39

York? I thought maybe if you wanted

Speaker 5 sh1-13:42

Used to be the I've had them in my basement and I should probably get 'em all together. Bring them down here.

Speaker 3 sh1-13:51

All the books, like the books that we used to have. What do you have guys have in mind for just a copy from themselves? They

Speaker 6 sh1-14:02

White neighborhood. You think Unity, some of it might pretty good stuff.

Speaker 3 sh1-14:09

Some of the stuff. Was it 75 bucks is a place, 50 bucks Not a gimmick or a racket. Is there a place that would said that Thinking

Speaker 5 sh1-14:20

Rack. Find one because Unity about the Uumm Center. Would they charge us there? A dollar person?

Speaker 3 sh1-14:29

I start thinking immediately. Well they have a gimmick and what is,

Speaker 5 sh1-14:32

There's a place I just heard about You check the tails up around. It's a big store they've got. I they got to check it out.

Speaker 4 sh1-14:44

That'd be a good place. A lot of people like over there, right?

Speaker 5 sh1-14:47

The hotels are large enough room

Speaker 4 sh1-14:49

That's close

Speaker 6 sh1-14:50

To Akron too. Well that's why you got a month to work with. Maybe one place someplace. Well anybody from or any place will go there, right?

Speaker 5 sh1-14:58

Is not located outside of camp. It's not. Instead I know that the Belt village area

Speaker 7 sh1-15:05

Bill, what about Tony Dale? I know which one.

Speaker 5 sh1-15:08

That's still available. How much do we pay?

Speaker 7 sh1-15:11

That's pretty inexpensive

Speaker 1 sh1-15:12

I think. Yeah, there was some kind of a deal it was going to give us if we had a few people stay overnight and kind of far though. From downtown, from the transportation

Speaker 2 sh1-15:24

Systems. Well that part is true. True. I wonder how many people take public transportation, any of these events anyway. A lot of them do. They, that's why we always stick with our Oakland, because every bus that comes into the, to go through there from the east side, go through Oakland, I think should talk maybe be different for, I think it's 75 bucks. If we could shave that down a few bucks. I don't know if we want to be attached to a church. If we have a choice.

Speaker 5 sh1-15:53

I wouldn't see, our hope was whenever Rose gave a talk there is that we could use their mailing list and something was wrong here. For some reason they didn't, didn't publicize us and I don't know what happened. Might've been the people that were talking to them too. I dunno. They want you to join. That's why they want you to join them. Well join. They could help us advertise for it. Nothing ever came of it. In fact, in a regular newsletter, they forgot to put on their newsletter exactly what the talk was about. It just said Rose or Richard Rose talk and that was it. It seemed like it got turned off real quick. I dunno. Ask him. That's the thing you do. Just say, Hey, are you pissed off? You only can't set it up. And then Whiteley was talking to 'em on the phone and I don't know exactly what happened there, but they were supposed to take one of our flyers and put it in their newsletter and send them out and

Speaker 1 sh1-16:45

It didn't happen. I dunno. What do, well, I wouldn't deal with it. If they renege on a deal, you get a bad attitude. Hey, we run into that unity over in the Akron, Ohio. I says, don't go back to on them. I don't give a shit. We'll find someplace. Meet meets in damn barn. Maybe we never took the flowers. If they were snotty, they wouldn't even talk to you. The last time I was up there and I walked back in the bookstore and they were snotty with me.

Speaker 5 sh1-17:09

Well, you know why they were mad.

Speaker 1 sh1-17:11

They lost money on the books.

Speaker 5 sh1-17:12

They were trying to, yeah, they were. Saw the first one and they saw how many people came and they said, well, we're going to make some money off this group. So they ordered all in books and for once they got some decent books. The rest of the bookstore was bad. Nobody bought the books. See, now they're mad because they got all in books. They brought on donations. Anyway.

Speaker 1 sh1-17:39

No. I'll tell you something else though too. There was a faux pas there. There was a faux pas and it was Smucker. Smucker went in and tried to twist her arm to make, put some books in stock in journals. I remember that now.

Speaker 5 sh1-17:59

I remember cold weather in the snow and shut down

Speaker 1 sh1-18:03

Got, then he says, I'll show you what I'll do. I'll give you the part. This was an early snow, wasn't it? Yeah. Just take them and we'll see if they all saw or something. But he pushed himself a little too far with, I think that was the one that really got keyed off at us. I don't think they blamed us not so much for They got disappointed.

Speaker 5 sh1-18:24

Well, the weather was so horrible that morning. Nobody in the right mind would go out.

Speaker 1 sh1-18:28

That was that time. They only had 40.

Speaker 5 sh1-18:30

Oh my God. I almost, I did a donut in the middle of the market pulling into place. Dave Gold was, I think I still got the marks on the ceilings, like the gass and turbine.

Speaker 2 sh1-18:46

I had a feeling it would've been better to die before I got there. That iers thing to stickers.

Speaker 5 sh1-18:58

Stickers. Tim, that wasn't the only time. Any balls pretty good. Yeah, he's all right. Keeping shaved down. Sleeps in the basement now. He won't even come up. Don't like the

Speaker 1 sh1-19:09

Kids.

Speaker 5 sh1-19:10

Wake him up in the middle of the night. They scream. Oh god, teething pain. The little girls. Jennifer's cutting all her teeth at once and last night she was up three times. Usually it's every half hour.

Speaker 1 sh1-19:27

What do you got? Two. That's it. I can see, I haven't seen Jennifer have I have I.

Speaker 5 sh1-19:33

You may have. I don't know. He brought out the farm one time.

Speaker 1 sh1-19:36

I think you might've saw

Speaker 1 sh1-19:38

For about half of that short. That's right. That's right. Happens.

Speaker 5 sh1-19:46

I heard you can get a lot of money for selling them now. West Virginia. How much? See, you can't get that much. See, that's bullshit. They tell you that before you have 'em and then they find out. Nobody

Speaker 1 sh1-19:58

Wants, he can get him a dog. Yeah, he gets all, you got to throw something in with him like a wife. I'd devalue the whole deal.

Speaker 5 sh1-20:10

Of course. Maybe he got those. Girl Do you ever meet Leo? Fran's brother? That's his baby. Fran got a brother. Oh no. Yes. You ever met Leo? Yes. You maybe met at the house

Speaker 1 sh1-20:29

Next door, right? You lived next door? No, no. I didn't meet that guy. What I met was got somebody at the Akron should talk. It was a zero Maybe that was just a friend. What

Speaker 3 sh1-20:41

About it? It was somebody that have something like this? No. Yeah, I haven't that we're going to need some kind of logo or what's the guy

Speaker 6 sh1-20:54

That's your sister's

Speaker 3 sh1-20:55

Niece? This going to be sponsored by your wife's, our niece. How much Looks a little bit, A little bit like dms sponsored by Ryan's living in

Speaker 5 sh1-21:09

Germany now her husband works for the government, federal government. He's not in the Air Force. He's civilian, but he works on Air force spaces, is taking care of recreation departments.

Speaker 6 sh1-21:24

He arranges parties and dances and takes Graham on direct mind science. And then there's going to be presentations by Richard Rose who developed it and then by these other people. Are they coming under the aegis of direct mind science?

Speaker 1 sh1-21:38

No, they're not coming under, it's coming under the Aegis. That's a nice word. I don't know what it means. He's been trying to work that in conversation for, it's a Greek word. Greek for life. Sounds like

Speaker 9 sh1-22:01

A Puerto Rican.

Speaker 1 sh1-22:04

Your flyer will basically be a, I don't know how you want to bill it, but it may be Bill, your banner may have more than one thing on it. You might have, but I think that the for instance, vessels may come under miracles. See, I don't know that vessels would want to, I don't believe we should force somebody to be incorporated direct mind science. That's not right. The, in other words, we're not putting on the Chautauqua for direct mind science alone where the CH tacos are being put on for related material. Okay,

Speaker 6 sh1-22:45

And that raises a question about these introductory lectures, though.

Speaker 2 sh1-22:48

I think those are, you're selling the Chautauqua. That's true. I think they should still point to you though.

Speaker 6 sh1-22:52

Well, you're selling the whole Chautauqua, but you're talking about direct mind science. Is that right

Speaker 5 sh1-22:57

Before, that's why I asked about the tack. You could tie

Speaker 6 sh1-23:00

Those people in.

Speaker 5 sh1-23:01

That's why I wanted to know whether we should stress the tack foundation during these satellite talks, because that's what we're usually selling to, or what we used to sell. I don't know what the attitude changes has been. We used to try to get everybody we could to come down and then from them we would sift out the people. That would be,

Speaker 1 sh1-23:21

Yeah, it's changed a little. We definitely,

Speaker 5 sh1-23:25

You don't want everybody, you want to discriminate before you discriminate.

Speaker 1 sh1-23:30

In other words, by not, we want anybody that will pay the 20, 30 bucks. But the thing is that we're trying to purify. We're trying to purify our

Speaker 5 sh1-23:40

Picture

Speaker 1 sh1-23:40

To the public. You have to.

Speaker 1 sh1-23:42

Yeah. We can't go on just

Speaker 5 sh1-23:43

You can't have them witches in the woods and shit.

Speaker 1 sh1-23:45

Yeah, yeah. You can't.

Speaker 5 sh1-23:48

No, you can't

Speaker 1 sh1-23:49

Want, you get a bad atmosphere. You get Vander P job up there. See, I didn't know he was on the mailing list. I'll get to his name the hell off so he won't be coming around.

Speaker 5 sh1-24:01

I told the guy like that someone

Speaker 1 sh1-24:04

Had hot water on. I just turned it off. I just heat it in case somebody wanted teeth. That was all. Yeah. Well, he came down to the Pittsburgh meeting. That lecture I gave of course,

Speaker 5 sh1-24:15

On miracles.

Speaker 1 sh1-24:16

Yeah,

Speaker 5 sh1-24:16

He did.

Speaker 1 sh1-24:17

Yeah. He came down, brought some strange woman and bought me a hamburger and took pictures in the front. I walked around this great big clunky old jammy with a big flash on it. Took pictures.

Speaker 5 sh1-24:29

He is a strange one man. That deal he did in Washington dc I'll never forget that. I thought that was the most, that's hung thing you could ever do. I mean, it's comical and it's also sadistic to do to innocent people that are sitting there in the auditorium. I mean, he just rung their emotions out. Well, he acted. He put on a bullshit that they killed somebody and everybody in the whole place went nuts down underneath the bench. They'd have done that to me. I'd have killed him.

Speaker 1 sh1-24:58

Really? Well, I've been an off-duty policeman there. You might've got it better. Got it. Go doing that shit. But you got these cops there just waiting for somebody to shoot at.

Speaker 5 sh1-25:08

But it was funny. Where do you ever find somebody nuts enough to do something like that? I mean, here it was.

Speaker 6 sh1-25:14

I tell murders yet.

Speaker 5 sh1-25:17

Yeah, that whole twin

Speaker 1 sh1-25:17

On his eyes said, don't be something different here.

sh1-25:21

I can't tell you what it is. I never thought that he was mischievous. He's so fresh. We paid him a room and a motel down here and some guy came in, couldn't get a room. The rooms were all taken. This guy's on a motorcycle. So Wil says, here, take our rooms. See the guy pays him and Wilburn moves over in with one of the other speakers. Who the hell was that Lance or somebody? Who the hell was that he moved in with? I don't remember. There was another speaker down and the guy with a motorcycle takes the motorcycle and his room to bed with him and the people. Shit. They kept calling us up here, wanted to raise all out, subletting their rooms, get oil grease on the rug. Don't want anybody to steal his motorcycle. Sure. He had a hundred dollars bills in the saddlebag. He must've robbed somebody. He's going to afford to leave it outside. He had too much loop,

Speaker 5 sh1-26:10

But he wanted that whole thing down in Washington DC was to point out his belief that John or Bobby Kennedy was killed. That Sirhan was hypnotized.

Speaker 1 sh1-26:20

Oh, he was one. Yeah. Bullshit. He's got a perpetual heart on that guy. Has everything is for glory track, women's attention and

Speaker 5 sh1-26:34

Yeah, it's political. He's the type of guy that, he's a picture, the old anarchist. He just looks like the pictures of the anarchist. Perfect. That was great. A place to drop it, do the most damage. He wants to do the most damage where he blows himself up with it.

Speaker 5 sh1-26:53

Then there was that French bra that came in the front door that was spewing happiness and smiling and she just couldn't get over. She was in

Speaker 1 sh1-27:01

Arab. Arab. She was French. She was from Morocco or someplace? Morocco. She was in Arab.

Speaker 5 sh1-27:09

What was her name though? I thought it was a French name.

Speaker 1 sh1-27:10

She had a French name.

Speaker 5 sh1-27:11

French Morocco.

Speaker 1 sh1-27:12

Yeah. She had a French name French out there. Yeah.

Speaker 5 sh1-27:15

But she was spotting off all this stuff about Howden beautiful and how happy she was and everything. Mr. Rose goes and says, yeah, he says, as your problem is that you're the opposite. You're completely miserable. Miserable. And Jesus Christ. She got came out with claws then.

Speaker 1 sh1-27:35

Really? There was one down there. Wanted my energy. I told her, I said, oh, you want my energy? She, yeah. I can't remember names. It's amazing, Speaker 5 sh1-27:47

Tim. No, thanks.

Speaker 1 sh1-27:49

I'm going now.

Speaker 1 sh1-27:52

Yeah, I'm starting to. Let's scream a little louder. Everybody make it interesting so you won't notice my screaming.

Speaker 9 sh1-28:12

Yeah. I tell you, I think these talks, the more critical when you think, I know we're leaving it to our personal thing. I mean, I know we talked about this before we were going to do this. You can't really structure your talk. Rose can't tell us or Lou or anybody running this can't say, Hey, this is how you got to go in and do it, and this is what you're talking about. There's so many aspects to this. What this group is and what Richard Rose is. To me, it is like when I try to zero in on direct mind science, sometimes it stops my head. In other words, I know that what leads part of what you have is your lifestyle. What led to your ability, the direct mind science ability. But when I try to get into explain it, I get all, it doesn't work.

sh1-28:56

I know that was my problem last time. I know I intuitively know what you're talking about when you say, when you were reading me, the gates of mind, what that guy had, I know what you're saying, but what I'm saying is from a point of a salesperson of trying to get this across to people, somehow we've got to communicate, at least I do. More than that. There's this ability, this thing that you do. In other words, to me, it's a whole change of metamorpho that a person can go through mentally. He can see things about himself. Too

Speaker 5 sh1-29:24

Bad. It's a whole horizon. Mascara. I'll tell pyramids in and now see if you could show you before Pyramid in and you now, okay, people could see, hey, this guy, something happened, didn't happen. Right.

Speaker 1 sh1-29:40

That's what he used to do. See, that's the way he used to approach his talks. He'd say, I was such and such. I was looking for, I was into TM and I was into EST, and that's the way he give his talk. But I run into this to found it better

Speaker 5 sh1-29:55

And the people have to be impressed with the speaker before they're going to want to do anything. He says

Speaker 1 sh1-29:59

They're impressed by just, they don't matter what If you use two syllable words or one syllable words, as long as you're sincere, they'll pick up that sincerity and they'll listen to you. That's to God's truth. Sometimes they'll listen to you a lot quicker with the one syllable words.

Speaker 8 sh1-30:16

So I wonder if I could get you guys' reaction to this thought you wanted our autographs. No, I sent down. You know what, nobody came. No kidding. Yeah, we put up about 70. Everybody found themselves. That's why, I guess that's what I said. Well, I guess nobody in Cleveland there was any problems. How many did you put up? About 75. Around where? Around the universities. John Carroll case. Cleveland State. Oh, you're in the wrong place. In the wrong place. And Coventry area. You might get a few people from the universities with the personal problems. Personal attitudes. Yeah. Well, I thought that they'd go out better in the suburbs, but I don't live up there. And the decision was made by the other guys also. They didn't get some of 'em up in time. They just got 'em up a day or two ahead of, yeah, so we decided to have it there for a month and see if maybe after a

couple weeks then there might be a little, what is this? Is this somebody's store? That's the YMCA. They charge you a little do they? 15 bucks? Yeah. That's not bad. That's not bad. Why? It's about the size. No. Oh, it's only this room, this size. No, I take that back. It's bigger. It's

Speaker 5 sh1-31:34

Bigger. You get a discount for your members.

Speaker 8 sh1-31:36

Gee, I don't know.

Speaker 5 sh1-31:38

I belong to the Y down in Canton. I wonder. I know they have rooms, but you can't do anything. UNC Christian in the Y. At least let 'em know about it.

Speaker 1 sh1-31:47

Yeah.

Speaker 5 sh1-31:48

Well, got to be G. It's not on Christian

Speaker 1 sh1-31:50

Truth. The Y-M-C-A-I think though. This is not on Chris. Jesus. Well, it depends on who's running it. Believe me. Because the Y MCA is like the Unitarian churches and the Unity churches. They drifted so far away. They're just businesses. They're hiring a guy to manage it and he or she generally don't give a shit as long as they get paid.

Speaker 8 sh1-32:12

Y Ws are famous for having yoga classes there. A lot of yoga classes. Y Ws

Speaker 10 sh1-32:18

Don't know.

Speaker 8 sh1-32:20

At least up in our area.

Speaker 5 sh1-32:22

Oh yeah.

Speaker 8 sh1-32:24

But anyway,

Speaker 5 sh1-32:26

Have a dancer size.

Speaker 8 sh1-32:30

But I wondered what people thought of the poster. I made it up. So it's poster, right? I'm blind to it. Really.

Speaker 5 sh1-32:37

The only thing I have a problem with is for the self. Sounds like,

Speaker 1 sh1-32:44

Yeah. Could have various meanings

Speaker 5 sh1-32:46

Because

Speaker 1 sh1-32:46

It implies a certain amount of esoteric or psychological introspection.

Speaker 5 sh1-32:53

Yeah, I understand. People look upon the self and

Speaker 1 sh1-32:56

That's the real person. That's me. That's what the public thinks. You're talking about self, you're talking about Bill King. When we talk about self, we don't talk about Bill King or Richard Brothers. I could explain. The public is when you accuse the public of being selfies when you don't share your candy with 'em or something.

Speaker 8 sh1-33:17

Right. That's a negative. I could explain every reason that I had for putting different things on there, but that wouldn't get an honest response

Speaker 1 sh1-33:26

From you. I think that the, I'll tell you what's the most important thing that reads the best is the topics down at the bottom.

Speaker 5 sh1-33:34

Yeah, this is good. Yeah. That nonprofit, non secretarian too is good. That's good. You don't want to be a paranoid person. They don't want to walk in and get

Speaker 8 sh1-33:50

Strong. Nailed.

Speaker 5 sh1-33:52

Well, also the same night there was, that was I think the biggest problem with Pyramid Zen was the, you had to know about it to understand it. Just looking at Pyramid Zen back when all the pyramid shit was going on, people didn't want what thought Everybody was wearing pyramids.

Speaker 1 sh1-34:10

Hey, we got a good attendance out of people and colleges, but you didn't get anything out of people on the street. And that's the reason I knew that. And that's the reason we switched to when the should talkers come on. We switched immediately to intensive or TA

Speaker 5 sh1-34:28

Using the word. Did you see the latest thing out? It was on TV the other day that had this guy talking and just a middle-aged guy, businessman saying how he's tried TM and he's tried this and he's tried that. He says, none of them. He says, they all took too much time and all this shit. But now all I do is twitch on my, no, it's something like my matic, my relaxer or whatever, and his electronic God transistorized about the size of the transistor radio and he puts it in his ears and he turns it on. And

Speaker 1 sh1-35:07

Instant pudding

Speaker 5 sh1-35:11

That just shuts out. The whole thing is to relax you. Yeah. The whole thing is to relax it, put you to sleep, but they're touting it as something everybody wants Larry. It is a real big production and how this guy is saying how his life has been changed, his problems has been negated and all this stuff and that, since I've got Fuzzbuster three, whatever, what called, they say is it on the lake Boobies like the matic? This was right down in prime time. 89.99 or so.

Speaker 2 sh1-35:47

That's right. Throwing a caler.

Speaker 5 sh1-35:52

No, a JSU Knight.

File sh2

Speaker 1 sh2-01:02

Guy and I said, then this guy gets himself in a certain position when he rolls the dice and he feels that he has a percentage of improvement and he's luck and some people then I'll go into this story. I went into the story of the movie I saw years ago with, I can't remember the guy's name. He said he got pate. Huh? That's all I remember. You know who talking this guy Obsession? No, no, no. Well that's another case in between us. See, but this guy was, it was a movie about the Mediterranean. Some Mediterranean gambling died and this guy is staggered in there drunk. He's an American, he's only got a bucket trying to pet it on the base. So he went out and came back with a thousand bucks. He's the guy that you remember high chaparral? Anybody? Okay. He was the brother-in-law of the, no, he was the brother. What Bill?

Speaker 2 sh2-02:23

No. Remember the horses? I don't remember.

Speaker 1 sh2-02:27

Well, there was a Mexican, that was the brother-in-law. There was a boy called Blue I think, and then there was the guy that played the part, the guy that run the ranch. He looked like a Mormon, Mormon bishop or something or shit. But anyhow, I don't know why I don't write this shit down. So it didn't consequential, but at the same

time, no used to remember it because you couldn't remember the play, was it? Anyhow, it was in one of these off the side plates. There were no great actors in it except this guy I say. But then anyhow, there's an old man there that gets ahold of this guy and says, Hey, you go over there and play. He's real kind to him and stuff. And the guy comes back with a thousand bucks and he said, can I play now? And I said, yeah, that's good for one roll of the dice or something like that. And he rolls the dice and he recites the thing that I had in the intensive in Tweney Town. The streets are wide and narrow.

Speaker 3 sh2-03:32

Oh, he actually, that's where you got that.

Speaker 1 sh2-03:34

Yeah, that's where the dog girl came from. See, it was just my recollection as well as it could rhyme. He'd roll the dice and he'd say that. Now, I was amazed at the theme behind it when I saw the thing a son of a picture ever wrote, this has got to know something about, because I did it in playing poker. I did it. I kept my head a certain way and I won. So he rolls in the dice come up and he lets it lay. He lets the money lay and he rolls again and he wins and he walks out with the old guy come over and told him, he said, you've got a million dollars winning. He said, you're better off if you quit Now is that enough for you? And the guy said, yeah, he drunk drinking and he's pretty well soaked in some sleazy class. He look at woman, she says, I go with the winner. So it shows him she's going back in this room to wait for him and he's got this money bundled up and trying to carry it in or something. And the old guy said, let me change it for you and get you a check or whatever. And the guy got a glass of whiskey and walks back in this room with this woman dropped dead.

sh2-04:56

That was the plane. I thought it was, first of all, it was an unusual, it wasn't the guys from across the railroad in fact gets rich. It was the idea was the whole business was there. Don't get excited. You got to hold your head. Even after you win, you got to learn how to win and you got to learn how to hold your head. After you win, it'll kill you. So the excitement killed him when he realized what he had done, what he got away with. And so this is what I'm explaining to when I gave the Pittsburgh lecture more so than when I did in Akron. I had all this goddamn gear making a noise and you couldn't get any tapes off of it. Analogies and things like that are the best way to explain. Well, they come right to a guy's head. If you've ever played poker though, a guy picks it up. He knows what you're talking about. This doesn't have to be a lot of technical stuff. If you could pick up these incidents, but if you can pick up the other thing and then say, well here's this. Then I learned there's been some scientific work along these lines of gives a possible explanation for what goes on in the mind when this happens. This is the next step in our research to validate this on a scientific basis, not on a superstition basis anymore. See, and this is direct mind science, the validation of this. This is what we're about and I got a hell of a lot better reception in Pittsburgh and the Pittsburgh audience didn't have the, in my estimation of people in Akron had, there was more caliber there, there was more intelligence there. There was a good rapport there with a scattered fuse. And I got the impression from talking to Frank that some of the rapport was caused by me, not by what I was saying. See people more or less just they take to your mannerism and the we way of talking and things like that and they don't understand what

Speaker 2 sh2-06:55

Things you're saying, but they like you. They get impressed. That's how the first time I listened to you, I said, this guy's got that. What the hell he's talking about,

Speaker 1 sh2-07:03

He gives me a headache.

Speaker 1 sh2-07:06

That's what all bunny used to say, like bunny things. You're not buildings down

Speaker 2 sh2-07:18

In your early lectures you'd compact so many ideas and thoughts in them that I didn't get a chance to digest One before you hit,

Speaker 1 sh2-07:26

She's going to be board stiff. I got the fu around of the machine and fu around my papers and then she become fascinated. Was that something like that?

Speaker 4 sh2-07:34

Yeah, she did. She thought, who's this guy? What the hell? He's up there. She didn't know if it was going to get done or what the hell you're going to do. And all of a sudden she said that he was fumbling around. Then all of a sudden you started talking and something hit her and she said, man, I knew that that guy had something that nobody else had ever met. Her eyes were like nothing. She goes, there was nothing in what he said. She started wanting to know about the books and what to read and all this. She was really, it was amazing. It was a communication. She got it. I got a letter from somebody from there. She picked it up a,

Speaker 1 sh2-08:08

She wrote thank me for coming.

Speaker 2 sh2-08:10

She was the one who used to come to her house. In the discussions she thanked for coming up and she said, I realized a burden. What a toil it is for you to communicate,

sh2-08:20

Put up a good fight like that. But I watched two women right there, Harnish her sitting up there in the front and there's two women, two old women and one of 'em wanted to leave and says, okay, in just a minute I can hear 'em say that. Let's get the hell out of here. And finally this one woman got the listening to me and she never took her eyes off. I mean this other woman had given her this and she was giving it back to her mean leave me alone. And she stayed right through then. So what do you think happens to these people? They pick up something directly. This is what I'm talking about. Why don't they stay around after they've experienced? They can't. They can't. That's what I said. I think you got people that you get tied up just like you're tied up. You just get on saying five days a week I don't see much trouble. You see maybe once a year. See just more than that. True. Yeah. Yeah. You get yourself glass oed. Well you talked before about how there was a door that certain age group of people are able to pick this stuff up because they're not glass oed and tie in.

Speaker 5 sh2-09:29

Yeah,

Speaker 2 sh2-09:30

And if they are, they may just have one little rope around their leg. You may even break it or something.

Speaker 1 sh2-09:34

Well, I'll tell you something else about your older people. If there was a place, if I was located in Akron or if I went to a place and located there and gave a few talks, I'd have those people that I could have there every Sunday they'd come and they'd grow those people like Polly Jeter and those two women up front. They'd come and they'd eventually grow but they grow by propinquity. I mean they'd be taking energy from me, corrected them.

Speaker 2 sh2-10:04

Well, there's also a certain amount of obstacle put up to a person when you say, Hey, I know this guy and he's enlightened and he's got something and I've learned from him and the guy says, okay, where is he? He is in West Virginia. I forget it. That is an obstacle in certain people's minds. Just turns 'em off being across the street. Well,

Speaker 1 sh2-10:27

They can't can't. They're booked. It's a funny thing here. I'm not doing a damn thing but I'm working myself to death. I know it. For instance, I went out yesterday and I helped load three tons of hay and I walked through to the back of the forearm to show guys where to chop three. We tried boat fence backing that see, and I am eating on the run. I left half of my rice in the kitchen because the guys are standing out there holding the axes on their shoulder. I got to run and go out there and show 'em what to do and I come back in here and it's a rush like hell, I put in a whole day mailing books. There's a stack of 'em there. Incident. If you can think about take those over and you drop them off on me, they got the stamps on them, they're all stamp, ready to go.

sh2-11:11

I always let that guy weigh 'em. So if they don't come back occasions and whether not, but to do some of the things that have to be done in the group, there's no way I can relay this to any love this stuff to anybody else. I tried. I went out to forum yesterday, everything. I'd only been away a week and everything was screwed up. In other words, they're cutting the trees in the wrong place. It already went down and they cut some and they cut the wrong place. They never bothered. They just went down there like sleepy maniacs and says a fishing. I get somebody when they're sleep about half drunk, half nuts or something and they're cutting trees That s bad cut the fucker down, let's get something done here, jump some trees. He just loves to cut trees. He projects personalities on him. He looks at a maple. He don't like he

Speaker 2 sh2-12:02

Chew son. That's true. I mean it's not just a joke. I saw in his eyes yesterday he was getting rid to cut down a tree and then there were some small ones that were going to be in the way and he said, let's get these trees down first. I hate working with trees on my way just for a second I thought, chill out man. If you could have seen your eyes just now.

Speaker 1 sh2-12:27

Yeah. Hey, I saw it when he first came to the group the first time he was up on top of the hill, he rode down on the fender step. He's hanging on with his hand and he's got a pen knife and he's flashing at the tree getting a leaf down that he hung all the way down flashing at him and I could see he reason he mother destroyed his air force. He used to have a whole army of troops and balls of planes hanging from the ceiling, no room at the ceiling except for planes and cobwebs and she saw her son was getting into a terminal syndrome so she just went in with a broom and wiped out the airports and he wouldn't speak to him for about 10 years and I finally talked to him into making up for these S mothers. I knew a guy like that walk into, yeah, you had to do tanks, little toy tanks and I knew that. I watch him, man, shit, I watch him. He goes out there. He don't work for any aim except to destroy that woods. That's the woods and mag back, dun dunmore woods or whatever. Duns.

Speaker 3 sh2-13:41

What you ought to do is get a job.

Speaker 1 sh2-13:43

Mine Jake Jack was going to build a lumber shed out there and go into the lumber business. I go out there and he's got six poles, varied length sticking in the ground right where I wanted to put up something else. I said they got to come out. Everything they had done was all screwed up. He's got 'em seven feet apart. I don't know what the hell kind of a shank you built seven feet apart. It's supposed to be about 50 feet long. He's going to have a forest of locust sticking out the ground but what the hell? Hell are you going to do? See, that's what I mean. This is leaning too. I try to break off the leaning just like in this thing. I'd like to be as free from it as possible except in the summer thing and then I'll try to help with that, but I'm going to have my hands full down in Florida with trying to get something established there. But I do believe that Tampa is fairly safe as far as Floyd is concerned. I think the people are fairly friendly. The ones that I've run into,

Speaker 3 sh2-14:47

It's changing a little bit. My folks live down near there and I said in the last two to three months there's been a lot more crime. A lot of the stuff is coming up from Miami now.

Speaker 6 sh2-14:56

Yeah,

Speaker 3 sh2-14:57

That's another guy. I was down there just last week. He told me a

Speaker 7 sh2-15:00

Same thing. He said he had relatives over in the west coast or east coast. Yeah. He says all the white people are moving over the west coast to the west coast, go away from the blacks in Chicanos or whatever. Cuban and there's crime moving anywhere. North Carolina should have some nice locations. If you're looking for location, who says have a new book out about the places to relocate in America if you're move. North Carolina is a beautiful state and North Carolina, Asheville, North Carolina's the number one retirement community in the country according to the survey they did.

Speaker 2 sh2-15:35

Yeah,

Speaker 7 sh2-15:35

About

Speaker 2 sh2-15:36

Cville. That's nice area too, but there's a lot of, where's Asheville related to Charlotte? It's about

Speaker 3 sh2-15:44

About three hours. Charlotte? Charlotte is you're down 77 directly south. It goes right through Charlotte. Okay. Asheville is west of there about off of 77. You go through west about two and a half hours and you

Speaker 2 sh2-16:00

North a little bit

Speaker 1 sh2-16:02

North. Wow, that's really beautiful.

Speaker 8 sh2-16:12

There was some other things we want to talk about too or have one here that we weren't sure about. What do you think about the idea of having one pulled out flyer for both the cities and the summer so we can Sure. For sure. Absolutely. We were also thinking of just instead of having phone numbers for these different cities, it just have the benwood phone number since really if you think about each city, there's very few people you have there that you'd be able to The phone number wait a,

sh2-17:21

I think about the idea of having one pulled out flyer for both the cities and the summer so we sure for sure. Absolutely. We were also thinking of just instead of having phone numbers for these different cities, it just have the Benwood phone number since really you think about each city, there's very few people you'd have there that you'd be able to phone number. Wait a minute. Originally when we did the summer shit talk, I think we had phone numbers for each city. In other words we'd have in Pittsburgh we'd have Pittsburgh phone number so wouldn't have to make a long distance call, but I don't know if there's really enough if we have a phone number in each city we could put in or whether we should just put the You got one available to you.

Speaker 1 sh2-18:00

Yeah, I think they should call and go if they want information. Just like he said about Cincinnati, you may double your attend option. Well

Speaker 2 sh2-18:07

That's good

Speaker 7 sh2-18:07

Except in the past when we call people is when it's most effective. I can think of very few when we actually got calls and people came as a result of talking to us. True. That's a good point. But if you get on the phone and talk to

Speaker 1 sh2-18:17

Them, if you call them, that's when, well you got to have a phone, you got to have a number 'em to call back too well of we get called there on these, we get people to call here. Think that's going to be the best number

Speaker 2 sh2-18:32

We can do down there. Call people at Pittsburgh. There's nobody in Pittsburgh if they would call, is it sure Anybody there

Speaker 9 sh2-18:41

People? Do you want people calling there or is it better if they call here?

Speaker 8 sh2-18:46

Better call Pittsburgh going to be able to understand this enough to get all is there. Somebody's going to get all the signals straight as far as the coordination between two different

Speaker 3 sh2-18:56

Plus it gives them an idea of coming down here for the summer ones. If you keep emphasizing.

Speaker 8 sh2-19:01

I'm just wondering if there is a number where there's going to be someone intelligent. Bill Bush. No you wouldn't Pittsburgh. What number? There's nobody in Pittsburgh to take call. Is it sure they anybody

Speaker 9 sh2-19:30

Mean? Do you want people calling there or is it better if they call here?

Speaker 8 sh2-19:35

Pittsburgh is going to be able to know going to to understand this enough to get all this. Is there somebody going to get all the signals straight as far as the coordination between these two different

Speaker 3 sh2-19:44

Plus it gives them an idea of coming down here for the summer one if you keep emphasizing.

Speaker 8 sh2-19:49

I'm just wondering if there is a number where there's going to be someone in touch. I know Why are people going to need to call MAT when ask check it out times They just want to fill you out.

Speaker 4 sh2-20:03

Yeah, they might want to do that. I would do that. If there was a number I'd be, the first thing I'd do is go and talk to people

Speaker 2 sh2-20:11

Who's at the astro?

Speaker 4 sh2-20:12

What the hell

Speaker 2 sh2-20:14

He well he's out town now. How often is he there? Well he's usually there. I don't see what you have to lose by letting them call local. You might. There

Speaker 1 sh2-20:26

No Bill was in Columbus.

Speaker 2 sh2-20:29

If they called down here, they're going to get somebody know. I knew you weren't there. You have him call our house in Columbus.

Speaker 1 sh2-20:34

I don't feel the only guy was up still use name in LA and I figured the only guy would answer the phone was only got about 30 people in town all so we have a number in acronym they can call. Right?

Speaker 4 sh2-20:47

You got one.

Speaker 1 sh2-20:48

Usually when I call

Speaker 2 sh2-20:49

Your number evening too, we have to put evenings

Speaker 4 sh2-20:55

In Columbus. If you can't get any, you don't have How about Fran? They going to get any? None at that. You'll have

Speaker 1 sh2-21:03

Put some numbers in. You say what? You'll have to put the phone numbers in locally and you almost have to get some phone numbers fine together. I'll tell you why because we're working on carpools.

Speaker 8 sh2-21:14

Well what I thought, what we thought we'd do on that score is at least when people sent down we'd set it up both at the talks at satellite talks. We'd also put right on the flyer if they wanted to share a ride or if they needed a ride and we could get that information and relay it back to them.

Speaker 1 sh2-21:30

Yeah, we're again, you're running into expense because it's going to be expensive for them to call us and then we're going to have to call them. Plus that's no good. If you can take care of that on a local call, it's a hell of a better. What we

Speaker 9 sh2-21:47

Can do if somebody sends in their order for tickets and says they are interested in either sharing a ride or if they need a ride, all we do is we can just drop a postcard to the coordinator in the city and he can contact that person.

Speaker 1 sh2-22:00

We weren't going to call these people up from

Speaker 1 sh2-22:02

Down here. I know, I know, but I think it's still better because if somebody calls on the phone you can say, now I'm going to give you the number and if you lose it, look on the flyer.

Speaker 9 sh2-22:12

Alright. Who are we going to use? Akron. We got Bill's number Cleveland, is there a number we can have people? I don't know.

Speaker 10 sh2-22:17

You'd probably have to be Gordon's number because our lives with his grandma and I don't think she'd be too. Yeah, but I Cleveland can call Akron and that's not bad.

Speaker 1 sh2-22:26

Call Akron. They call here from Cleveland. Akron never home.

Speaker 10 sh2-22:32

Yeah, but they don't think that way.

Speaker 1 sh2-22:33

Gordon's there. 11:00 PM at night. Same as Yeah,

Speaker 4 sh2-22:55

Same in Columbus. You ain't got anybody in Columbus either. Fran, and he's going to get his wife. Wife. Yeah. That's a

Speaker 1 sh2-23:03

Disaster. Scratch that may be able to call Be's house in the evening. Listen Fran, what's the function over there? You'd have get him. The thing is anybody could answer the phone at that. I working That'd be highly for

Speaker 5 sh2-23:29

I guess Pittsburgh

Speaker 1 sh2-23:46

Don't listen. What's the function over there? You'd have get ahold of him. The thing is anybody could answer the phone at that. That'd be highly

Speaker 4 sh2-24:42

Same in Columbus. You ain't got anybody in Columbus either. Phil Fran and he's going to get his wife. Wife. Yeah. That's a disaster. Scratch that may be able to call

Speaker 1 sh2-24:55

Be's house in the evening but don't What's the function over there? You'd have get over with him. The thing is, anybody could answer the phone at that IU house working. That'd be highly reliable for

Speaker 9 sh2-25:16

I guess Pittsburgh we can, if we can't trust the guys at the as room, who can

Speaker 2 sh2-25:20

Trust what's number? They can just take the guy's name. What are you afraid of, David? There's not going to be someone there. No, just we want to be sure

Speaker 8 sh2-25:30

Whoever answer the phone doesn't turn off. If you got to all trouble getting a phone call, we want to make sure you settled, get them in connect, stop.

Speaker 10 sh2-25:38

Not look it. The thing is being held here and then call this number for Oh look it is the thing is being held here and then call this number for local information. They realize that they're not talking to, maybe they don't think that they just get an impression. Well, I dunno. Go ahead. Tell list by the phone. Alright, so Baltimore, is yours a local

Speaker 1 sh2-30:56

Baltimore number? Yeah. We might be able to cc this letter. Should he inquire about what the price of the book is and stuff? This one to which the price. You can't send off a both of 'em want to? Sure. I don't answer mail where they don't either send money or act like you're interested in buying something. Okay. It's going to be a prolong. Just say how much you want and how much does it cost per coffee and is it available or something like that?

Speaker 10 sh2-31:50

C phone number through Agnes Holman if you wanted me to. Whose number

Speaker 1 sh2-31:54

Would it be?

Speaker 10 sh2-31:55

Hers. Agnes. She has her own

Speaker 1 sh2-31:56

Phone. Does she?

Speaker 10 sh2-31:58

Where she lives at Baldwin ER's house.

Speaker 7 sh2-32:00

She has her own additional helping and Well, I'll talk to her because I've been in communication with her pretty regularly. I would say

Speaker 8 sh2-32:31

Product, they up a phone number. Would someone when they feed or who would be there, what kind of hours is art? Mendel working.

Speaker 3 sh2-32:39

He's in state

Speaker 1 sh2-32:40

Right

Speaker 3 sh2-32:40

Now. He thinking about doing his job. He hasn't been able to even make our own meetings.

Speaker 7 sh2-32:46

Yeah.

Speaker 3 sh2-32:47

How about Sandy Bagelman? Sandy usually works during the day. He's usually free there in the evenings.

Speaker 7 sh2-32:51

He's living at La Corey's house still. He's living in his folks' house. Well, can't use him then probably. Or folks in Miami.

Speaker 7 sh2-32:58

How long

Speaker 1 sh2-32:59

The winter? No, there is a possibility there. What Sandy he's living at his parents' might back. Really? I'd have to ask

Speaker 3 sh2-33:10

Him before volunteered. Oh yeah, that's

Speaker 2 sh2-33:12

The thing.

Speaker 1 sh2-33:27

How much does it cost per copy and is it available or something like that? Whatever.

Speaker 10 sh2-33:33

I might be able to get a Cleveland phone number through Agnes Holman

Speaker 9 sh2-33:37

If you wanted me to. Whose number would it be? First? Agnes, she has

Speaker 10 sh2-33:40

Her own phone.

Speaker 9 sh2-33:40

Does she?

Speaker 10 sh2-33:41

Where she lives

Speaker 9 sh2-33:42 At Baldwin

Speaker 9 sh2-33:42

ER's house. She has her own additional helping?

Speaker 8 sh2-33:45

Well, I'll talk to her because I've been in communication with her pretty regularly. I would say the coordinator city you ever is should try to dig up a phone number with someone. When would be there. Who would be there? Steve? What kind of hours is Art Mendel working with? Do you know? He's in a state flux right now. He's thinking about quitting his job. He hasn't been able to even make our own meetings.

Speaker 7 sh2-34:04

Yeah. How about Sandy Bagelman? Sandy usually works during the day. He's usually free during the evenings.

Speaker 7 sh2-34:10

He's living at Luke Corey's house still isn't he? Or is he? No, he's living in his folks' house. We can't use him then probably

Speaker 1 sh2-34:15

Folks are in Miami though.

Speaker 7 sh2-34:17

For how long?

Speaker 1 sh2-34:18

The winter. No, there is a possibility there. What Sandy? He's living at his parents' house. He might be back home in the evening. How in evening, but

Speaker 3 sh2-34:27

Really I'd have to call, ask him before I volunteered his phone. Oh yeah,

Speaker 8 sh2-34:30

That's the thing. When you come up with your place, come up, come with a phone number

Speaker 1 sh2-34:36

Too. She'd be fine to call, but it's long distance from Cleveland. Where's it local from? The only place

Speaker 3 sh2-34:42

It's local from is

Speaker 1 sh2-34:42

Warren. Yeah, Warren Speaker 3 sh2-34:44 Is worth printing the local Warren name. We sell TAT Journals out there, but

Speaker 1 sh2-34:49

I wouldn't, there's not that many people in that. No, I know most of the people. I could contact them myself. There would be Sandy or Agnes be able to, okay, so we got Akron,

Speaker 9 sh2-35:00

PI, Pittsburgh,

Speaker 1 sh2-35:00

Baltimore,

Speaker 9 sh2-35:02

Benwood, and somewhere in Cleveland. So that's five Columbus.

Speaker 8 sh2-35:07

We'll talk to Paul about when you send us up to Paul, tell we need a number. We might even get two numbers in Cleveland. One for each site like Sandy for the west.

Speaker 1 sh2-35:15

We only need one number.

Speaker 10 sh2-35:20

Dave Metal and then there's the only, I got a list of people.

Speaker 8 sh2-35:29

Be willing do it. Good evening. He's got a baby. He's going to be homeless. That's

Speaker 9 sh2-35:33

True. That's true.

Speaker 4 sh2-35:35

Ask just say ask his wife there. His wife. She's anti.

Speaker 9 sh2-35:41

Yeah, I know that.

Speaker 4 sh2-35:43

Definitely. Sorry. I might think, okay, you could talk to Paul. That's up to you handle.

Speaker 9 sh2-35:53

I think that question. Sorry, been answered but Well, he's home every night or virtually every night. Then what's, he's

Speaker 8 sh2-36:01

Got a baby. I got to figure he is going to be home

Speaker 9 sh2-36:03

Sometimes.

Speaker 8 sh2-36:04

He works late. I

Speaker 2 sh2-36:05

Don't know. He has a baby. You might want to be out every night. That's what you do. No, my wife does. Well, we'll talk. We'll talk to Paul. Have to be, when the flyers come out between the actual days, A couple months. Well the flyers are going to come out April 1st. Okay. The talks are going to be in May and this talkies are going to be in June and August. So you'd mostly be concerned with the month of what? For the April? Yeah, because parents may not come back until a certain date. Oh,

Speaker 6 sh2-36:42

They were gone for

Speaker 9 sh2-36:42

The

Speaker 6 sh2-36:42

Winter only.

Speaker 9 sh2-36:43

Oh, April, may and June. Well, we're talking about people calling all summer possibly.

Speaker 1 sh2-36:49

And you have a Gary Harmon's phone number by any chance? No. You can have, well maybe Where's Go's? I haven't seen him in they, he never. He's a chat number now. S Agnes in. I got a money order but he's been buying both. Communicate. I'll

Speaker 7 sh2-37:06

Ask her.

Speaker 1 sh2-37:08

He wants to get in touch with the people in the RI group. He wants to do some work with the group and maybe these guys

Speaker 3 sh2-37:15

Are, I've checked already. It's

Speaker 2 sh2-37:17

Unlisted from where I can tell, but I'm keeping What's his address? I'll just stop over there.

Speaker 1 sh2-37:20

Which avenue? It's the same old place? Yeah. Okay. You know where it is too close to? I've been there. I forget where it is. It's 1861, which, how do you spell that? W-H-Y-C-H-W-O-D. Avenue Drive. Is there a zip code? Yeah, yeah, yeah. It's 4, 4 3. 1 2 4, 4 3 1 2. I could just drive my car and ask him to call me and see if he called me in a few days. Yeah. Or these guys, whatever doesn't Did your mother tell you called? Yeah. Yeah. I appreciate the call. Yeah. Does everybody know that baby? She seems friendly. I'm always surprised side. She didn't act funny but I Noah, I could tell she have a baby. She's kind of late. She was glad to hear you talking because she's heard about you for That's when they got her take right home. When I came home she was sitting there and she told me that she called, told me other thing.

Speaker 10 sh2-38:33

This all perked up. She said, gee, I feel like I'm slow news. Maybe like that. Yeah, she was too. That's kind of impressed.

Speaker 1 sh2-38:39

Did you hear about Dave Owen's? Boy did he have a boy? Another boy. Wow. Noah. Wow. Seven pounds something real. What's the first one called? David. David. David. Nice. David Junior or Noah? No, Noah hasn't rained since he was born. Noah. Noah. Imagine. Probably call him. No, for sure. He won't be the only one. A lot of people named Pius

Speaker 2 sh2-39:07

Names are real popular. Weird names. Wow. Speaker 9 sh2-39:11

It's funny too. Pilots. Yeah. I was thinking that maybe we ought to do two mailings because the first one is coming out so early to promote these introductory lectures. The first mailing's coming out at the beginning of April. So then you got between that, you got April, may, you got almost three months before the first summer and then four months or more before the second one. So the first mailing goes out say, and you are going to get some people into the lectures, but then there's going to be a great time lag say for people that don't go to the lectures or people who in areas where there are no lectures, and I think it might be worthwhile to do a second mailing of the same flyer at the end of May or the beginning of June. We have to figure out what the cost is going to be. Five, 6 cents a piece. It's 6 cents. Now

Speaker 8 sh2-40:01

That's postage.

Speaker 9 sh2-40:02

Postage. That's \$300

Speaker 8 sh2-40:04

Return if you called. Did that's postage. Did you try to figure out anything as far as when the price? No. Well, not really

Speaker 10 sh2-40:12

Because I wasn't really sure just what we're going to need yet. You got to really figure out what you want first and then

Speaker 7 sh2-40:17

That's the way I think we got to work. It is

Speaker 10 sh2-40:19

What

Speaker 1 sh2-40:20

Have, in your mind, what do you think would be ideal? And then

Speaker 7 sh2-40:22

Our

Speaker 1 sh2-40:22

Down. They go by the ounce or what?

Speaker 9 sh2-40:25

That's just for per piece and it's up to an ounce.

Speaker 1 sh2-40:28

Up to an ounce.

Speaker 9 sh2-40:29

Yeah.

Speaker 1 sh2-40:30

How about those things that we was that envelopes? I suppose you don't use an envelope. We have. You

Speaker 9 sh2-40:35

Can use anything. It doesn't matter to be

Speaker 1 sh2-40:36

Big, but it still has to be less than an ounce. Yeah.

Speaker 9 sh2-40:38

Now those are about 0.8, two ounces. Wow. The ones we sent out that's worried about we close 6 cents, huh? Yeah. 5.9 now one up to 3.8 just about two months ago from what? 3.8. Holy. So if we do 5,000 that hundred,

Speaker 1 sh2-40:56

You get a big and put on the bottom of that flyer that we'll only set out 1 million because of the post delay. Make that one mail and call him.

Speaker 9 sh2-42:10

So if we do 5,000, that hundred

Speaker 1 sh2-42:12

Get a big put on the bottom of that flyer that we'll only set out one mailing because of the exorbitant postal rate. Why don't you make that one mail and then call 'em. Call 'em likes. Right? Because well or else that extra 300 might take mailing out of everything and the mailings have something they can be turned. We farm to talk. We're not going in for a lot of fanfare this time and I'll tell you what I think about it. I think we're going to have trouble working our way back to the serious and sincere people. I think the serious and sincere people saw our flyers and deliberately avoided us. I believe that. I heard comments from people that say, I think Rose is wasting his time with this type of Chicago. He's got something.

Speaker 10 sh2-43:08

The only thing behind it though was to get the fringe people to come in and then from them find some serious people. The idea behind them was good. It's, it didn't work out quite that

Speaker 9 sh2-43:24

Well. I don't know if there's any alternative. I mean it's expensive and I guess it's too expensive, but it just seems like that's a problem.

Speaker 1 sh2-43:32

Yeah. What was it? Just make your first mailing and then call about two or three weeks before the summer should talk. What from the individual cities? I would call people in Akron.

Speaker 6 sh2-43:41

Well, you're not going to

Speaker 1 sh2-43:43

Do it during the evening. You just sit down and you make a hundred phone calls in the evening, whatever. It's good if you'll do it and if you can find the phone he'd to talk. He'll do it saying you from city to city. Right. Do it. Put in a watts line in your house.

Speaker 7 sh2-43:59

I wouldn't mind. Hello?

Speaker 1 sh2-44:08

It depends on what tune you're playing. Guys are like, Jim Burns expensive burn my gave up in Pittsburgh. You wouldn't have known. I didn't know him when he walked in. He was so straight and real carefully breathed. He had some woman on his arm. I don't know. Jim Burns. We have him talking and nobody understand. We bring down al care of people to death. They'd never want get any closer to a direct mind print

Speaker 10 sh2-44:48

On

Speaker 1 sh2-45:47

All. We have him talk but nobody understand. We bring down,

Speaker 2 sh2-46:12

It depends on what tune you're playing.

Speaker 1 sh2-46:26

Find some serious people. The idea behind them was good. It's just it didn't work out quite that

Speaker 9 sh2-46:34

Well. I don't know if there's any alternatives. I mean it's expensive and I guess it's too expensive, but it just seems like that's a problem.

Speaker 1 sh2-46:43

What was it? Just make your first mailing and then call about two or three weeks before the someone should talk with from the individual cities. I would call people in Akron.

Speaker 6 sh2-46:52

Well, you're not going to

Speaker 1 sh2-46:53

And you do it during the evening. You just sit

Speaker 3 sh2-46:55

Down and you make a hundred phone calls in the evening, whatever.

Speaker 1 sh2-46:57

It's good

Speaker 3 sh2-46:57

If you'll do it,

Speaker 1 sh2-46:58

You can find, you'll do it. We send you from city to city. Greg, you put in a wat line at your house. You go personality.

Speaker 7 sh2-47:10

I wouldn't mind guys.

Speaker 1 sh2-47:19

Depends on what tune you're playing. You guys like Jim Expensive gave up in Pittsburgh. You wouldn't have known. I didn't know him when he walked in. He was straight and real carefully groomed. He had some woman on his arm. I don't know. He, we'd have him talking. Nobody understand. We break down scare of people to death. They'd never want to get any closer to a direct mind. You can crimp

Speaker 10 sh2-47:58

A stamp

Speaker 1 sh2-47:58

On half. He put a real, he could do that. He runs out of wind and you don't see him for a couple of weeks. Something. Is he on drugs or is he conquered the drug now? I think he gets off of him is when you get all the wisdom. It's too wild. Have to put him back on him and he goes flat like a tire bump back. Something

Speaker 2 sh2-48:22

Happens to him here later. Goes together, make it an oversized A couple times he, same old thing, 12 inches old thing. It sounds like. I talked to him about it. He said that he wouldn't be surprised if he winds up back in the nut house. I guess it's that bad. He just doesn't have a grip on what he calls a street mind, so I don't know if there's anything we could do. He

Speaker 1 sh2-48:55

Says, what can you do? He said there's nothing a woman problem. No, no. He said not 50 child. He's born that way, but he wouldn't into too much rebellion when he was younger, so he really sounded bad. He said he was on tranquilizers again. Yeah, well, he got to ride it through that.

Speaker 2 sh2-49:19

He has to find somebody that

Speaker 1 sh2-49:22

He can talk to and understand. I thought this group would be good for him. It is good. He wound up too. Yeah. He came down at the farm and he talked out there some wind behind the sails and he goes, gets nailed. Somebody put a tape recorder out in front of him and was just like, these otters you see in the zoos shit. He never stopped running. He liked one cigarette after another and I was trying to, we had

Speaker 2 sh2-49:48

To almost get him out of here or drag him out of here that one day he was

Speaker 1 sh2-49:52

Here. He looks different. He was fat then he had a big fat neck and he was twisting his neck like talking to somebody up on the ceiling.

Speaker 2 sh2-50:02

I remember the question I asked him, he almost took at empty the arm and beat me with it. I says, well damn, don't you think you were chosen? I mean you reached this state and don't you think he says, I'd like to go around with the son of a bitch to put this planet in orbit. Charles the fuck, why have this to happen? Question. I was on the rocky road to Dublin. I traveled every grain and every pebble on my nose. Okay,

Speaker 1 sh2-50:52

We should had that on tape. We missed something. Remember

Speaker 4 sh2-50:55

Jim Burns? He does burn collar on.

Speaker 2 sh2-51:07

He says that you're the only person he's met in his age group. I guess he's younger than you, but he says everybody's dead. You're the only one that

Speaker 1 sh2-51:17

He's met that isn't dead and he's got this. When he talks, he's so, he talks with conviction that he has that such a animation when he talks, have never seen anybody like that.

Speaker 7 sh2-51:32

He's intense.

Speaker 1 sh2-51:33

Yeah. He's got the idea is that I know what it does when I talk. If I talk for a couple hours, I ain't no damn good.

Speaker 2 sh2-51:41

Bring him down

Speaker 1 sh2-51:43

Er. It just takes all the energy out of you. Sure. But there's something, I know this when I'm talking just like that, but I know that I'm exuding something. I don't know what the hell I'm doing, but I do know I'm touching people and he does that. He talked about that. He knows he aware of that too. He said it's the following day after you guys, one of our meetings the next day he dead worthless next day. Yeah, right. It's only good for going out on town like that twice a week, but then it takes the rest of the time recover. That's right. You go out to dinner and go, I realized that when I come back here and I got fat too, I got paters of these, all of it because get What happened is, of course when the group first started, I was living off of pastries.

sh2-52:25

I was pretty well broke. Didn't want mortgage, the house. I didn't have enough stove, but I still do it. I'll eat too much. I there's some, it's just like a guy taking LSD. If you're hungry and you don't know what the hell you're hungry for and you keep eating, trying to get that missing vitamin and I see it in myself, always have done that. Something drains out of me and I'm not touching anybody. I'm just talking to people talking in front of, but I know people get hit in there and it's a subconscious thing. It ain't near the degree of what would happen if I put my hands on them. I know that too. Near the degree of pH still does something the get one of those. Not for everybody that gets a free get it on purpose or not, but I thought you shook these

Speaker 4 sh2-53:22

Hands. Jack Schwan. Yeah, several of em told me that. Yeah. Several of 'em said that says you got to meet this guy. I went down to meet him and gave him a clock. I shook his hand and he says, electricity went through my body. Said he never, it

Speaker 1 sh2-53:35

Really shocked me. Some of 'em did. It just said that. Wow. After it felt like a wave to me away. Oh yeah. I've seen Trina sit there and cry. We used be having a rapport meeting, sit there and cry. Trina's a very sensitive person. It's a damn shame that he can't zero in, but if something happens to him, he's got to get away. He just has to get the hell away completely. He told me that and then he went down there. He said, I'm going to try to get away. He's not even right. Sort something out or whatever.

sh2-54:13

I'll tell you that. What I really consider the dangerous part about it is that people don't have their sex under control and they get around me. The only thing that stimulates is their sex. If you've got people that are earthly and they get around me and I lose energy to 'em, they don't stimulate their mentality. Stimulate goes to sex where they've been putting all their energy and I believe this is the reaction I've had on most of the women, if not all of the women, if not all of 'em really been shaking. I know this thing with Slater went through, the thing that I noticed is it seemed to hit her in the sexual center. There was a strong physical electricity. It went from my upper part of my heart plate, but I had a feeling that she picked it up in her sexual stomach. She

Speaker 4 sh2-55:11

Used it for that too. She got into, she wasn't supposedly before. While she was highly sexual too, but I mean from conversations, but after that, she got a job as a matron in a bar and she started dating around. She got into a lot of sex more heavily than she'd ever had. Matter of fact, the experience,

Speaker 1 sh2-55:34

I guess she had babies now. Yeah. I think that's the reason I stopped that stuff at before meeting, tap meeting have people come in, especially women. I see these women from Boston and a couple women run into and 10 up there. They just sit better with their mouth, like a goldfish way to throw something in. Just waiting for the energy. Really, really and worst. The people will get the most of those that are pissed out. The worst and that's dangerous. That just takes a step right out of it. You got to learn. You got to learn. Like George said, you got to learn to hate a few people. You actually build up an antagonist and that creates a mental barrier and your energy won't go in that direction. These women's liberals, I can find a lot to hate. You got to away from me. I ain't going to ain't put up with that shit. That's all. Get double taco basket.

Speaker 9 sh2-56:34

We need to settle on the admission price for the summer. She taco too. Did you have that in mind? Yeah.

Speaker 1 sh2-56:40

Or you say 20 bucks we thought 30 we thought 30. 30. 30 for 30 for two days. Yeah, 20 for 1 20, 20 for one. We don't think that's, and then you could build some discounts into that. Yeah, if there's that number, well, yeah, I think there should

Speaker 9 sh2-56:57

Be an early registration discount

Speaker 8 sh2-56:59

You a combination of coming to the local one. They'd be able to take that off coming to the city one and that would double with the early discount. Right, but if we're going to be organizing rides, I don't see any way we can see any way we could do a group kind of discount because everybody's going to be coming down in groups

anyway.

Speaker 1 sh2-57:19

Yeah,

Speaker 8 sh2-57:20

And we're going to actually be setting 'em

Speaker 1 sh2-57:21

Up. Yeah. I wouldn't get too much into that. The only thing is that you could, well, I think there should be some incentive for people to sign up at these that, yeah, okay. I think anybody probably before end of I'll tell. What you could do too is give them the 27, that membership for that year. If you want to do that, give them a \$20. That membership for 10 bucks something I think

Speaker 8 sh2-57:51

About this morning, we maybe build the, we always had two identical, well, originally there were two identical programs, but maybe we could give some discount to come to both because they're going to be pretty unpredictable. They're not going to be the same program both times. Yeah. Might be some way of giving the price break on You mean the private talk? No, for the two. Summer should talk with you come the first one. Either more proposition, but in this format it might be easier to bill 'em as a series as opposed to you come to one or the other.

Speaker 1 sh2-58:24

Yeah. Yeah.

Speaker 8 sh2-58:25

Because it's not going to be just a dry type of thing where they're going to get the same.

Speaker 1 sh2-58:28

Okay. I'll tell you something else that built into that flyer. If you make it up, we do want to have a substantial part of one day at least, which will be a forum. We want to draw on the experiences of the people there, and this is part of the thing that we're trying to work for involvement, a brotherhood type of involvement in work.

Speaker 2 sh2-58:56

Do you have a \$5 discount or anything for tap members? Yeah. There's going to be some discount isn't incentive for TAP membership.

Speaker 1 sh2-59:03

I think we've always had that kind of policy. Isn't

Speaker 9 sh2-59:06

That a part of CAT membership discount? Isn't that a benefit?

Speaker 7 sh2-59:10

Is not in writing that? That is, but it should be. I think it's, I that last thing we just sent out doesn't say something about this.

Speaker 1 sh2-59:19

Okay. Then we better write this properly because that number of the existing TAP members will have to pay before the chau.

Speaker 9 sh2-59:28

It's advanced registration by tap members.

Speaker 1 sh2-59:33

In other words, anybody that comes to the 70 82 Chau group will get the discount on the 83 membership. You can't give it to 'em for that year. Nobody will pay in their TA fees until July and August. See what I mean? You mean if they join tat now, right. They'll get it for 83. Yes, so this is for

Speaker 9 sh2-59:54

Existing TA members would

Speaker 1 sh2-59:55

Get That's \$10 thing. That discount is the people that join for the first time new members as a result of coming to the taco. They'll get a \$10 reduction in the that fee. You've got to be explicit about

Speaker 9 sh1-01:00:10

That. That's on the CAT fee. Huh? That's on the CAT fee. That's not for the qua fee.

Speaker 1 sh1-01:00:15

No, no. That's right. They won't get anything off the AU fee. I don't know if that should even get, they'll get a break. Why not? It'll be their guarantee if they want to join. We're seeing president numbers who have already paid their tax fee and that's right. We have a discount on this year's summer CH Taco, wouldn't it? I think if you put that in though, then you're going to want, people will send something in and say, give me a CAT membership plus, here's the balance for the chau. Well,

Speaker 9 sh1-01:00:47

If they send in \$20 for a CAT membership, then isn't that okay? If they send in \$20 for their 82 CAT

Speaker 1 sh1-01:00:53

Membership's going to cost \$20 for a tap membership, then your thing is \$30. You're only going to send 10 bucks in to come. Then well, what's the discount? Isn't it \$5? The discount's only \$5. Isn't it 2055. \$45. Right. Check for \$45. If they wanted a tap membership and they wanted Chicago both days, I that explicit. That's all. I wonder if we should get that complex with what's on this fire about all this

Speaker 9 sh1-01:01:20

Stuff about TAT memberships, alienated matters, all this stuff. I think that's throwing too much at once. I think if people come down here, if they bought their tickets, then you can tell 'em, if you want to join chat, we'll give you.
